February 18th, 2015

WELCOME!

13:45 – 14:45 PRESENTATIONS BY EXPERTS

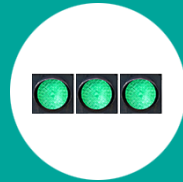

14:45 – 15:35 DISCUSSION

15:35 – 16:00 CLOSING REMARKS, CONCLUSIONS

GOALS

OPEN DISCUSSION
3-5 SPECIFIC AND AMBITIOUS RECCOMENDATIONS

LET'S GET STARTED!

WHAT IS DATA?

MODERN OIL, EXCEPT THAT IT IS NOT...

IT IS NON-RIVALROUS GOOD

WHAT IS OPEN DATA?

MARKET INTERVENTION TOOL GOVERNMENTS CAN USE TO
STIMULATE DATA DRIVEN ECONOMY AND BIG DATA

IT IS A PUBLIC GOOD

SOCIAL WELFARE IS MAXIMIZED ONLY WHEN USE IS
MAXIMIZED, JUST LIKE WITH CLEAN AIR, STREET LIGHTS
AND PUBLIC SAFETY

RECCOMENDATION 1

EU LEVEL INTERVENTION, INCLUDING FINANCIAL INSTRUMENTS FOR OPEN DATA INITIATIVES.
PRECONDITION – PARTICIPATING AGENCIES MUST MOVE TO COST RECOVERY PRINCIPLE.

PRIVATE DATA PROTECTION?

EUROPE HAS BEEN A LEADER IN CONVENTIONAL WORLD...

EXISTING FRAMEWORK IS TOO DIFFICULT FOR CITIZENS TO UNDERSTAND AND MAKE DECISIONS FOR DIGITAL WORLD

SAFETY AND PRIVACY MUST SELL. SIMPLER FRAMEWORK IS REQUIRED ADDRESSING BOTH END USERS AND COMPANIES

RECCOMENDATION 2

PRIVACY/SECURITY TRAFFIC LIGHTS.
UNIFIED, SELF-DECLARATION BASED FRAMEWORK TO
SIGNAL SECURITY AND PRIVACY CONTEXT OF SERVICES
AND PRODUCTS.

MY OPEN DREAM

EUROPEAN UNION – ENVIRONMENT WHERE TARGETED OPEN DATA ACTIVITIES HAVE
CREATED DATA DRIVEN ECONOMY WHILE RETAINING DATA PRIVACY PROTECTION
AND SECURITY LEADERSHIP

IT WAS JUST FOR THE STARTER...
